Declaration of Sandi Lyne

## **DECLARATION OF DOROTHY GAIL SANDI LYNE**

My name is Sandi Lyne. I was the founder, in 1984, of the Oak Grove, Kentucky Chamber of Commerce and currently serve as its executive director.

Oak Grove is a bedroom community for Fort Campbell, a U.S. Army post adjacent to Oak Grove. Fort Campbell has over 20,000 active duty military personnel who live either on the post or in adjacent communities such as Oak Grove.

A majority of the persons who reside in Oak Grove are military personnel stationed at Fort Campbell. As a result, Oak Grove's business community is directly tied to the military base. Indeed, as executive director of the Oak Grove Chamber of Commerce, I spend more than half of my working time with army personnel on matters relating to the relationship between Fort Campbell and Oak Grove. For instance, the Chamber conducts monthly tours of Fort Campbell for interested civilians, and I organize those tours. I also help host functions sponsored by organizations such as the Fort Campbell Officers' Wives' Club, and regularly attend meetings concerning the relationship of the military base with our community. I also work with representatives of the Clarksville, Tennessee Chamber of Commerce in coordinating matters relating to Fort Campbell. Finally, my activities with the Oak Grove Chamber cause me to be actively involved in the Tennessee/Kentucky Chapter of the Association of the United States Army. The AUSA promotes cooperation between Fort Campbell and the communities that surround it, including Oak Grove, Clarksville, and Hopkinsville. A list of some participating businesses is attached.

I hereby declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Signed and dated this 1st day of March, 1994.

Letter from Oak Grove Fire Chief

COMMONWEALTH OF KENTUCKY

CITY OF OAK GROVE

P.O. BOX 217 OAK GROVE, KY 42262

(502) 439-4646

FROM: Robert M. Celig  
Oak Grove Fire Department  
P.O. Box 156  
Oak Grove, Ky. 42262

March 2, 1994

TO: Tom Cassetty  
President  
Radio Station WCVQ

Dear Sir:

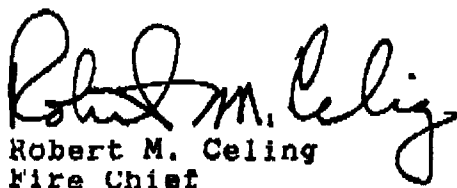

I would like to explain to you how the Fire Department and Ambulance Service work in our City.

First of all, if it were not for the Military personnel from Ft. Campbell volunteering their time, we would not be operating today. Approximately 80% of our membership is on active duty, and the other 20% are connected in some way with Ft. Campbell. We have members who are Firefighters, Emergency Medical Technicians, or both, up to the rank of Assistant Chief who are on active duty.

We operate out of one Fire Station with 3 in-service Pumpers, 1 reserve Pumper, 1 Ambulance, and 3 Utility vehicles. We work closely with the Emergency Services on post, especially training with the Fire Department, and our Ambulance transports approximately 60% of its patients to Blanchfield Community Hospital on Post.

During the last ice storm, when the city lost power, as you know, had it not been for Ft. Campbell supplying generators to provide power to the Fire Department, it would have been more devastating than it was.

In general, we rely on Ft. Campbell for support, but not limit our outside assistance to them. Hopkinsville and Clarksville also assist this City and this Department as a whole. Oak Grove, Ft. Campbell, Hopkinsville, and Clarksville are not separate, but one large community helping each other.

  
Robert M. Celig  
Fire Chief
